Digital Immersive Exhibition in Ningbo Highlight Cultural Creativity

Recently, the "ONE PORT Digital Immersive Exhibition" - themed "Impression of the Forbidden City" - kicked off in Ningbo Sci-Tech & Cultural Innovation Harbor, marking the first art exhibition of its kind in this city. As a famous historical and cultural city, Ningbo is making efforts to offer free cultural experiences to the citizens with its strong manufacturing strength and cutting-edge technologies.

近日,以"故宫印象"为主题的 "ONE PORT 数字沉浸展"在宁波文创 港拉开帷幕。这是宁波首个数字沉浸 式艺术空间专题展。作为"港通天下" 的历史文化名城,宁波正用雄厚的制造 实力和酷炫的"黑科技",为市民带来免 费的文化体验。

Integrating tradition and modernity, the exhibition includes four major parts: Cultural Creation Works, IP Licensing & Co-branding, Enterprise Customization and Digital Immersive Zone. As you step into the exhibition hall, partial reproductions of the famous painting "A Thousand Li of Rivers and Mountains" is displayed on hanging curtains, creating a quaint atmosphere.

这场展览分为文博文创、IP授权联 名、企业定制、数字沉浸空间四大板块, 集传统与现代于一身。记者步入展厅, 看见传世名画《千里江山图》的贴地挂 幔和局部复制图,感受到扑面而来的古 朴气息。

In the exhibition zones for IP Licensing & Co-branding and Enterprise Customization, a Forbidden City collaboration hoodie autographed by Li Ning gained attention from many visitors. It is a demonstration of local companies collaborating with domestic museums. Detailed examples can be seen from the women's clothes of Peacebird & Dunhuang, electric toothbrushes of Apiyoo & The Forbidden City, and many more. Culture and business are boosting each other in Ningbo, a city well-known for its manufacturing

在IP授权联名和企业定制展区,一 件由李宁亲笔签名的故宫联名卫衣,吸 引观众的目光。这里展示了许多宁波 企业"牵手"国内博物馆的案例,如太平 鸟与敦煌联名女装、艾优与故宫联名的 电动牙刷……表明在宁波这座制造业 大市,文化与商业正相互赋能。

The Digital Immersive Exhibition Hall is a must-visit area, which combines 5G, AI, and holographic projection technologies. Many eye-catching scenes are projected onto the walls, such as from the Hall of Supreme Harmony of the Imperial Palace, the planets of the solar system, and the waves of the sea. Complete with visuals and sounds swirling around the exhibition hall, viewers may gain an immersive experience of "shuttling between light and shadow". Bridging virtuality and reality, this form of expression is a gateway to the metaverse.

最值得一看的是数字沉浸展厅。 它结合5G、AI、全息投影等技术,将故 宫的太和殿、太阳系的行星、海边的浪 潮等场景投射到四周墙面,配合灯光和 音效,给观众"穿梭在光影之间"的身临 其境体验。这种表现形式,被认为是连 接元宇宙的入口,架起虚拟和现实的桥

"Immersive digital art is mostly found in major museums in China, and it is in Ningbo now!" introduced He Peng, the founder of Ningbo Hena Culture Co., Ltd. (Hereinafter referred to as "Hena Culture") and the main organizer of this event. Starting from Ningbo, they hope to promote China's excellent traditional culture globally through inheritance and inno-

"这种数字艺术多见于国内各大博 物馆中,登陆宁波还是首次!"据"ONE PORT 数字沉浸展"主创单位——宁波 合纳文化有限公司(以下简称"合纳文 化")创始人何鹏介绍,他们希望中国优 秀的传统文化IP,能够以宁波为源,通 过传承和创新连接世界。

Although Hena Culture is mostly unfamiliar to the public, their designs were highly recognized. This young company, nearly 5 years old, runs a notable functional operation called the Beijing Palace Museum Cultural Creation Design and Sup-

ply Chain Operation Center. It designs and manufactures a variety of cultural products for the Palace Museum, such as pens fashioned like a palace gate and cups with images of dragon and phoenix.

说起合纳文化,大家恐怕觉得陌 生,但你一定见过它设计的作品。这家 成立不到5年的公司,有一块响当当的 "招牌"——北京故宫文创设计及供应 链运营中心。故宫文创的"宫门笔"和 龙凤杯都出于这家企业的设计和制造。

"Chinese culture can be materialized and we believe that all current products are worth being redesigned with the elements from traditional Chinese culture." added He Peng, "We have authorized China Post and enterprises including Li Ning, Apiyoo to produce cultural products, aiming to bring more achievements for business entities. Now, increasing numbers of representative Chinese cultural symbols are recognized by young customers, as can be seen from the considerable sales growth."

"中国文化是可以被'轻量化'的。 我们相信,当前所有的产品都值得用中 国传统文化的形式重做一遍。"何鹏介 绍道,"我们将故宫的IP授权给中国邮 政、李宁、艾优等品牌,为实体企业赋 能,带来可观的销售额增幅,可见具有 代表性的中国文化符号,越来越受到年 轻消费者认可。"

Various creations with participation from Henna Culture could be observed at the exhibition site. Specifically, umbrellas themed around a cute version of "Along the River During the Qingming Festival" for 58 City, dolls featuring "Twelve Beauties of Jinling" for a large enterprise in Jiangsu province, and a set of pictures based on "City Memory" for Ningbo... Arguably, it is an innovative attempt to recount history in a way that appeals to the

记者注意到,展览现场有不少合纳 文化"牵手"企业的作品。如为58同城 的雨伞绘上口版《清明上河图》、为江苏 大型企业设计《金陵十二钗》公仔、为宁 波打造一组"宁波记忆"图片……试图 用年轻人的语言讲述历史。

The exhibition will be free and open to the public for two months until May 26. Pop in and enjoy the show.

据悉,"《故宫印象》ONE PORT数 字沉浸展"展览为期2个月,免费向社会 各界开放,将在5月26日结束,欢迎感 兴趣的市民赴宁波文创港"打卡"。
