The new year has begun, and my father asked me what my New Year's wishes were. I said I want take the full marks. Dad said that I needed to study hard, listen carefully in class, review well when I go home, and get rid of the bad habit of carelessness. Dad also said that a good start is half the battle, so I have to start on the first day of the new year, starting with the little things in life. Finally, I hope I can make progress in the new year.

Hi, everyone, look at this picture, do you know what it is?

Yes, it's an instrument named accordion. When I saw it at the age of 7, I did not know what it was, but I fell in love with it after I had heard the tune which my music teacher played. From then on I started to play the accordion.

I usually have accordion class on Fridays. I also become a member of our school orchestra - Flowers & Youth. On the school 60th anniversary celebration, I played it. When I play the accordion, I feel really happy and placid. This is my talent, and I hope more and more people love playing accordion. It is really fun.

I like playing table tennis, it is not only playing table tennis can make us being stronger, but also it can protect our eyes, especially for students.

I am a member of school table tennis club, we practice it two times a week. When I play table tennis, my eyes focus on the ball. My body and my eyes are up and down, left and right. It relaxes my eye muscles and improves my visual acuity. I feel so relaxed, so I like playing table tennis.

Table tennis is Chinese national sport. I hope students like to play table tennis!

After New Year's Eve dinner, we set off firecrackers and watched the Spring Festival Gala. The Spring Festival Gala was very wonderful.

We went to the street and enjoyed the lanterns on the Chinese New Year's Day. It was beautiful. In the afternoon, we saw the lion dance, it was very interesting.

Last night, I had a sweet dream.

In the dream, my parents hold my little hands and walked in the colourful fields. We picked many flowers in the field. We picked up shells on the beach. And then we read some books in a nice house until the sunset. We were so relaxed and happy.

Ring ! Ring! I woke up from my sweet dream. Bye bye ! The colourful fields! Bye bye! The blue sea! Bye bye! The nice house!

Mantis is a big insect. Some mantises are green, some mantises are brown, but mantis also has other colours like pink, white and red.....

Mantis has a long sharp foot. It can help mantis catch grasshopper. It has four wings. Wings can help it fly fast.

Mantis can hide in tall grass (the grass is green) and make itself looks like being dead. These tricks will cheat grasshopper or birds. What a clever mantis! I like it very much!
